Concrete

**L-STONE**

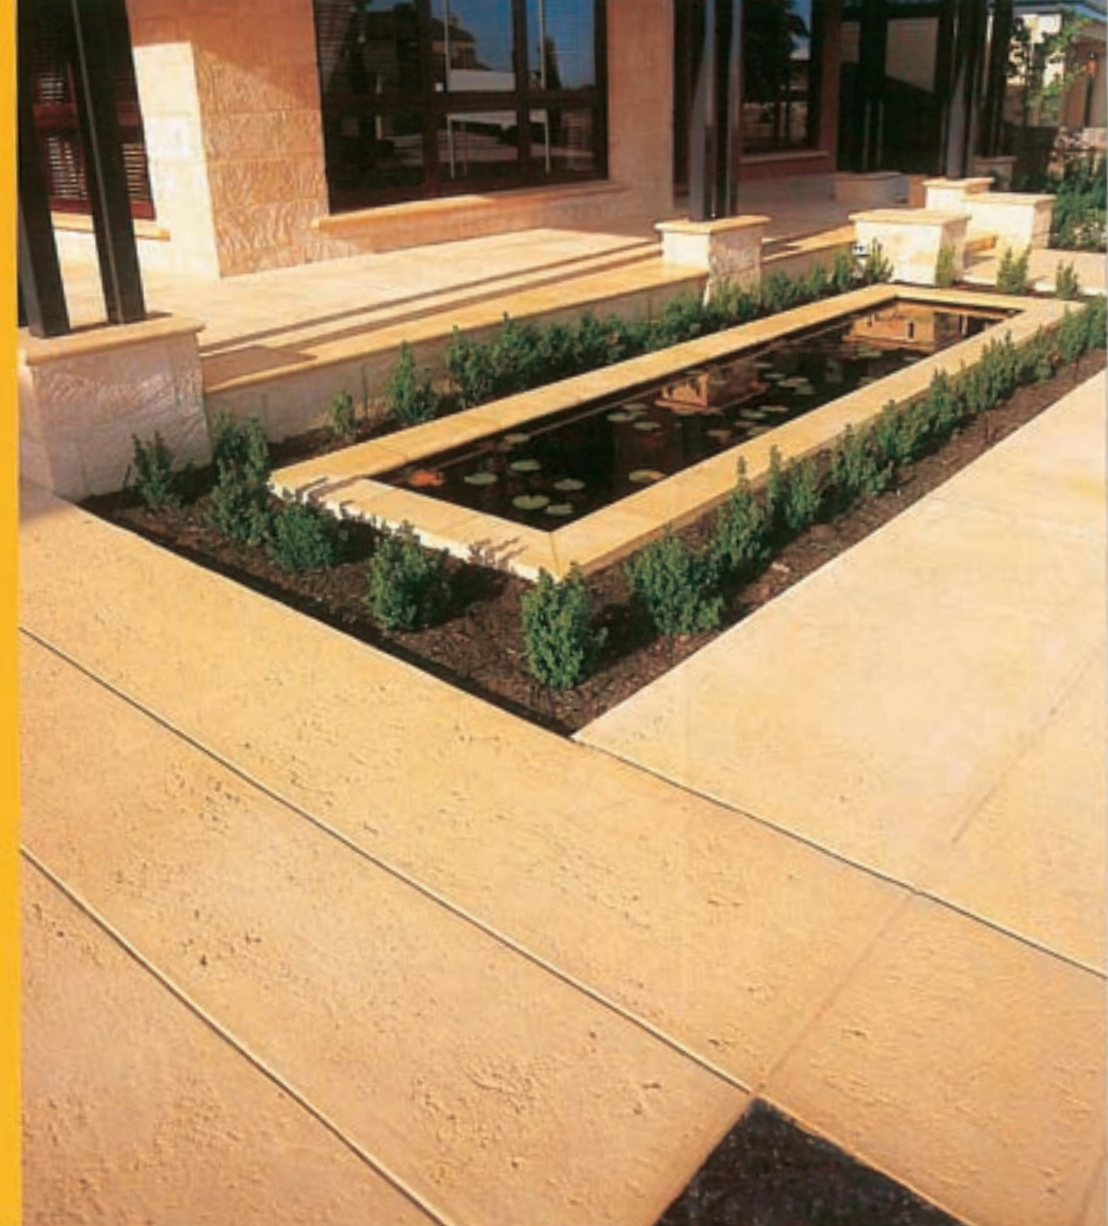

**L-STONE**

**L**-Stone comes in a fashionable range of colours and can be customised to suit each job individually. Whether you need a drive, path, patio, verandah or pool surround, L-Stone has the pattern, colour and look that will add real value to your home.

**T**he designers choice in high fashion durable paving is L-Stone. It offers the appearance of limestone, the economy of concrete and maintenance free look.

**T**hese features enable you

to create the most ambitious and  
intricate landscape designs

- it's a product of limitless choice.

With full technical back-up

and installation by our expert

recommended tradesmen we

ensure a quality professional

service with results to match.

From domestic driveways, pool

surrounds and patios to varied

commercial

and municipal projects, BGC

'L-Stone' gives you flexibility,

versatility and style in your

pavement design.

**L**-Stone is a limestone

based concrete that offers a new

approach to in situ concrete

paving. It's a natural product,

displaying the ageing

characteristics of limestone

with the added bonus of

maintaining its appeal for many

years. Troublesome weeds and

ants are a past concern.
